Corporate Capability Statement

Company

Roman Stone is a small business enterprise that was incorporated in New York in 1903 and is entering its 110th year of continuous business operations this year. As a precast concrete manufacturer we have attained certification as an approved supplier for NYSDOT. Nassau County DPW, Suffolk County DPW, Con Edison, MTA NYC DCAS and most other Government and Quasi Government agencies in the NYC metro area. Our manufacturing plant, located just 30 miles from midtown Manhattan gives us an edge in competitive pricing and delivery of precast items in the NYC metro area. Our workforce is unionized and we are affiliated with Local 731, Local 138 and Local 282.

Capabilities

Our 33,000 square foot manufacturing facility is located on Long Island. We have two 1 cubic meter concrete mixers with automated controls, which are approved by NYSDOT for manufacturing concrete. Our Quality Control program has been certified by the National Precast Concrete Association and we have been a top level NPCA plant for over 10 years. We provide precast concrete modular buildings, barrier, precast concrete pavement slabs and many other concrete products.
